Case No 12-12020(MG)

To Whom It May Concern

This letter is to oppose the expurgement
on the proposed claim. Every piece of proof
that was sent about this claim, had the
residential capital as the realty company
that funded the refinance of our home
So we really don't understand or accept
that there is no record of the ~~residence~~
is no liability reflected in the Debtors Book.
We are willing to ~~accept~~ consider and accept
any proposed settlement.
